SEASON	DATE	TEAM	VERSUS	GOALIE 1	GOALIE 2	TIME	SHOTS	ENG?	OTHER QUESTION	CURRENTLY IN DATABASE	
6768	10/14/1967	DET	MON	Roger Crozier	George Gardner				x	Why did Gardner replace Crozier at 29:53 - was it coach's decision? Score was 5-0 Montreal, although Montreal scored at 26:07 and Gardner didn't enter until 29:53.	
6768	10/15/1967	MIN	LOS	Garry Bauman	Cesare Maniago				x	NHL has Maniago enter at 48:11 - Los Angeles scored at 46:07 to go up 4-1. Assuming this is coach's decision but would be nice to be sure.	
6768	12/30/1967	STL	TOR	Seth Martin	Don Caley	x				What time did Martin leave with his groin injury? NHL box score has 30:00 exactly for both goalies, which seems too coincidental.	Martin 25:28, Caley 34:32.
6768	1/30/1968	TOR	MON	Johnny Bower	Bruce Gamble	X				NHL has Gamble playing 0:57; Montreal Gazette has Gamble playing "53 seconds during the third period". When exactly and why?	
6768	1/31/1968	LOS	MIN	Terry Sawchuk	Wayne Rutledge	X				NHL has Sawchuk finishing the second period - did he leave at Parise goal 38:52 or finish the period?	Sawchuk 40:00, Rutledge 20:00
6768	3/6/1968	TOR	PHI	Bruce Gamble	Johnny Bower	X				NHL says Bower played for 1:43 (Camden Courier Times says "for a minute") - when did this happen and why?	
6768	3/9/1968	TOR	DET	Bruce Gamble	Johnny Bower	X				NHL has Bower playing for 0:51. When did this happen and why?	
6768P	4/11/1968	NYR	CHI	Ed Giacomin					X	NY Times suggests final (Marotte) goal was ENG: "In the final minute, Gil Marotte...pitchforked a 150-foot shot from beyond the Black Hawks' blue line into an unattended net." NHL.com does not have Giacomin with an ENG - is this an error?	Giacomin 6 GA (one ENG).
6869	11/16/1968	TOR	CHI	Bruce Gamble	Johnny Bower	x				Bower replaced Gamble for 2:57 of first period (Gamble was being stitched up). When exactly?	
6869	12/14/1968	BOS	CHI	Gerry Cheevers	Joe Junkin	x			x	The Bruins' 10th goal was at 52:04, which would be a logical time for Junkin to enter. NHL box score has 51:04 which could be a typo (does not line up with their previously reported 8 career minutes). When did the switch happen, and was it a coach's decision?	Cheevers 52:04, Junkin 7:56
6869	12/15/1968	OAK	CHI	Gary Smith	Chris Worthy				x	The NHL's updated database gives Gary Smith the loss instead of Chris Worthy - believe that this is an error. Chicago Tribune has Worthy replacing Smith at the Doug Mohns goal at 27:18, which matches the times in the new NHL box score. Mohns' goal was Chicago's fourth. Since Chicago won 7-4, Worthy's first GA would give him the loss.	Chris Worthy gets the loss.
6869	1/19/1969	TOR	BOS	Bruce Gamble	Johnny Bower	x				When did Gamble leave for 7:40 of time in the third period? Tremblay says 46:07 definitively.	
6869	1/23/1969	TOR	STL	Bruce Gamble	Johnny Bower	x				When did Gamble leave for 3:08 (NHL) or 3:12 (St. Louis Post Dispatch) late in the second period?	Went with 3:08 (per NHL).
6869	3/9/1969	MIN	STL	Cesare Maniago	Fern Rivard	x				St. Louis Post-Dispatch: Maniago (rib injury) played 0:00 to 14:48, 20:00 to 24:42. Rivard was in net for GTG (31:46). NHL has Rivard 29:57, Maniago 30:03 - why?	Went with Post-Dispatch.
6970	12/6/1969	STL	DET	Jacques Plante	Ernie Wakely		x			Wakely replaced Plante at 29:12 (Detroit's third goal). NHL box has Plante with 6/9, which seems very low shots faced for half the game. Tremblay has 16/19. How many shots per period?	Plante 14/17, Wakely 9/11
6970	12/13/1969	STL	LOS	Jacques Plante	Ernie Wakely				x	Wakely played the third period in St. Louis' 8-1 win at Los Angeles. Coach's decision?	
6970	1/23/1970	TOR	OAK	Bruce Gamble	Gerry McNamara		x			Tremblay has Gamble 28/34. NHL box score has Gamble 33/39, which would mean McNamara had 0 shots faced in 10:12 (seems unlikely).	Gamble 33/39, McNamara 0/0
6970	2/21/1970	PIT	OAK	Al Smith	Joe Daley	X				Daley replaced Smith at the third Oakland goal. HSP has third goal at 11:44; NHL box has third goal at 11:34.	Smith 11:44, Daley 48:16
6970	3/29/1970	PIT	STL	Les Binkley	Al Smith	X				HSP and NHL both have Binkley at 40:46; NHL also has Smith 19:12. Is there confirmation that the switch occurred at 40:46 (and not 40:48)?	Binkley 40:46, Smith 19:12
6970	3/29/1970	LOS	MIN	Denis DeJordy	Wayne Rutledge				X	Switch at 30:25 doesn't line up with goal. Was it coach's decision?	
7071	10/12/1970	VAN	STL	Dunc Wilson	George Gardner	x			x	At 49:51, Wilson left the game after taking a shot to the head. Most sources say that Gardner replaced Wilson for 31 seconds, but the St. Louis Post-Dispatch (who was the only source of mine actually at the game) says that Gardner finished the game. Did Gardner return?	Wilson 59m29s 34/38, Gardner 0m31 2/2
7071	10/17/1970	CAL	LOS	Gary Smith	Bob Sneddon		x			Sneddon entered the game at 45:40. Shots/saves?	Smith 22/28, Sneddon 5/5
7071	10/30/1970	BUF	CAL	Joe Daley	Roger Crozier	x	x		x	HSP has Daley with 26:35 - this doesn't line up with a goal against. When and why did Daley leave the game? Shots/saves?	Daley 26m35s 16/18, Crozier 33m25s 26/30
70/71	11/7/1970	TOR	VAN	Jacques Plante	Bruce Gamble		x			Gamble entered the game at 28:26. Shots/saves?	Plante 15/16, Gamble 14/16
7071	11/8/1970	MON	BOS	Rogie Vachon	Phil Myre			x		Myre entered the game at 22:39. Shots/saves?	Vachon 13/17, Myre 29/31
7071	11/14/1970	CAL	PIT	Gary Smith	Bob Sneddon	x	x		x	I believe that HSP has a time error, and that Smith left at 35:48 (the fifth Penguins goal) and not 34:12. Is this correct (and if it is 34:12, then why did Smith leave)? Shots/saves?	Smith 35m48s 20/25, Sneddon 24m12s 14/15
7071	11/18/1970	TOR	BUF	Bruce Gamble	Murray McLachlan		x			McLachlan entered the game at 48:12. Shots/saves?	Gamble 20/26, McLachlan 5/6
7071	11/19/1970	CAL	PHI	Gary Smith	Bob Sneddon			x		Sneddon entered the game at 49:26. Shots/saves?	Smith 26/31, Sneddon 6/7
7071	11/21/1970	CAL	TOR	Bob Sneddon	Gary Smith			x		Smith entered the game at 25:21. Shots/saves?	Sneddon 13/16, Smith 16/17
7071	12/6/1970	DET	STL	Roy Edwards	Don McLeod			x		McLeod entered the game at 37:59. Shots/saves?	Edwards 18/21, McLeod 8/9

SEASON	DATE	TEAM	VERSUS	GOALIE 1	GOALIE 2	TIME	SHOTS	ENG?	OTHER QUESTION	CURRENTLY IN DATABASE
7071	12/20/1970	BUF	TOR	Joe Daley	Roger Crozier		x		Crozier entered the game at 43:46. Shots/saves? Toronto Star says that Crozier made "16 big saves", but that would imply that Daley only saw one shot (the Harrison goal).	Daley 23/26, Crozier 12/13
7071	12/26/1970	CAL	LOS	Gary Smith	Bob Sneddon			x	Okay, this one's a puzzler (and see the line below as well). Per the Long Beach Independent Press Telegram, Smith started this game, was pulled at 10:38 (with the score 3-0 LA) and re-entered the game at the start of the third period down 5-2. Los Angeles won, 9-3, so the loss definitely goes to Sneddon. However, that definitively gives Sneddon three losses (his official NHL record has two). I'm looking for any evidence that the official record is correct (since I believe it is not). Also see: http://hfboards.hockeyfuture.com/showpost.php?p=114925167	Smith 30m38s 14/21, Sneddon 29m22s 18/20 (L) (Smith returns)
7071		CAL		Bob Sneddon				x	In addition to the extra loss (credited officially to Smith), I believe that Sneddon has seven games played (not five, as the official tally shows). Those games are 10/11, 10/17, 11/14, 11/19, 11/21, 11/22 and 12/26 Looking for any evidence that Sneddon did "not" play on one of these dates. Also see: http://hfboards.hockeyfuture.com/showpost.php?p=114925167	
7071	12/31/1970	DET	CHI	Jim Rutherford	Don McLeod		x		McLeod entered the game at 27:54. Shots/saves?	Rutherford 18/23, McLeod 13/16
7071	1/2/1971	DET	TOR	Jim Rutherford	Don McLeod		x		McLeod entered the game at 16:06. Shots/saves?	Rutherford 11/14, McLeod 25/35
7071	1/12/1971	CAL	STL	Gary Smith	Chris Worthy		x		Worthy entered the game at 31:09. Shots/saves?	Smith 15/20, Worthy 16/19
7071	1/14/1971	LOS	BOS	Denis DeJordy	Jack Norris	x	x		HSP shows Norris entering the game at 21:23 (the time of the fourth Boston goal). Looking for independent confirmation of this. Shots/saves?	DeJordy 21m23s 13/17, Norris 38m37s 26/31
7071	1/16/1971	BUF	MIN	Roger Crozier	Joe Daley			x	Crozier left after the first period. What happened?	
7071	1/16/1971	VAN	PIT	Charlie Hodge	Dunc Wilson	x	x	x	HSP has Wilson entering at 46:56 (coinciding with the Penguin goal that tied the game at 3). Coach's decision? Shots/saves?	Hodge 46m56s 19/22, Wilson 13m04s 7/8
7071A	1/19/1971	ED	WD	Ed Giacomin	Gilles Villemure		x		Villemure replaced Giacomin at 30:41 (I don't have direct proof of this, but that's when the WD switched). Shots/saves?	Giacomin 15/17, Villemure 11/11
7071	1/21/1971	PHI	MON	Doug Favell	Bernie Parent		x		Parent entered the game at 47:33. Shots/saves?	Favell 21/26, Parent 2/2
7071	2/3/1971	DET	MIN	Jim Rutherford	Roy Edwards	x	x	x	HSP has Edwards entering the game at 14:15 (does not line up with a goal or a penalty). Why did Edwards enter the game? Shots/saves?	Rutherford 14m15s 2/4, Edwards 45m45s 23/25
7071	2/4/1971	CHI	PHI	Gerry Desjardins	Tony Esposito		x		Esposito entered the game at 25:04. Shots/saves?	Desjardins 10/13, Esposito 16/19
7071	2/6/1971	CHI	MIN	Gerry Desjardins	Tony Esposito	x	x		When did Desjardins' head injury occur? Shots/saves?	Desjardins 8m42s 3/3, Esposito 51m18s 18/20
7071	2/13/1971	LOS	TOR	Denis DeJordy	Jack Norris		x		Norris entered the game at 28:50. Shots/saves?	DeJordy 18/25, Norris 27/28
7071	2/13/1971	MIN	PHI	Gump Worsley	Gilles Gilbert	x	x	x	HSP has Gilbert entering at 7:40 (does not coincide with goal or penalty). Why did Gilbert enter the game? Shots/saves?	Worsley 7m40s 1/2, Gilbert 52m20s 18/19
7071	2/28/1971	MIN	BUF	Gump Worsley	Gilles Gilbert	x	x		What time did Gilbert replace Worsley after Worsley's pulled groin? Shots/saves?	Worsley 40m57s 30/32, Gilbert 19m03s 8/11
7071	2/28/1971	CAL	LOS	Chris Worthy	Gary Smith		x		Smith entered the game at 23:29. Shots/saves?	Worthy 15/18, Smith 20/25
7071	3/3/1971	BUF	LOS	Roger Crozier	Joe Daley	x	x		Daley replaced Crozier (pulled groin) "early in the second period" - when exactly? Shots/saves?	Crozier 25m09s 22/22, Daley 34m51s 31/34
7071	3/10/1971	CAL	BOS	Gary Smith	Chris Worthy		x		Worthy entered the game at 33:39 (Boston's fifth goal) per Boston Globe. Shots/saves?	Smith 19/24, Worthy 13/16
7071	3/13/1971	BUF	STL	Joe Daley	Dave Dryden	x	x	x	When and why did Dryden play for 0:17. Shots/saves? Did Daley return?	Daley 59m43s 22/31, Dryden 0m17s 0/0 (Daley returns)
7071	3/14/1971	CHI	STL	Gerry Desjardins	Tony Esposito		x		Esposito entered the game at 42:52. Shots/saves? Additionally, Desjardins only played two other tie games for Chicago this year (11/7 and 1/26) and went the distance in both - and the Chicago Tribune clearly lists both the time of the replacement (42:52) and the score of the game (4-2 St. Louis). Therefore, Esposito should get this tie - not Desjardins. But that gives Desjardins only two ties (and Esposito seven, not six). Is there any evidence to support the NHL statistics?	Desjardins 42m52s 19/23, Esposito 17m08s 5/5 (T)
7071	3/16/1971	LOS	MIN	Denis DeJordy	Jack Norris		x		Norris entered the game at 8:30. Shots/saves?	DeJordy 4/8, Norris 25/28
7071	3/20/1971	BUF	MON	Dave Dryden	Joe Daley		x		Dryden played until 1:31 and then reentered the game at 33:07. Shots/saves?	Dryden 12/15, Daley 14/16
7071	3/20/1971	MON	BUF	Rogie Vachon	Ken Dryden		x		Dryden entered the game at 33:07. Shots/saves?	Vachon 12/12, Dryden 19/21
7071	3/21/1971	VAN	MIN	Charlie Hodge	Dunc Wilson			x	Wilson entered the game at the first intermission. Coach's decision?	
7071	3/28/1971	CAL	VAN	Gary Smith	Chris Worthy		x		Worthy entered the game at 33:55. Shots/saves?	Smith 14/20, Worthy 14/19
7071	3/31/1971	CHI	NYR	Tony Esposito	Ken Brown		x		Brown entered the game at 42:11. Shots/saves?	Esposito 20/23, Brown 13/14
7071	4/1/1971	BUF	PIT	Roger Crozier	Joe Daley	x		x	When and why did Daley enter the game? (Shots/saves per Pittsburgh Post-Gazette)	Crozier 3m00s, Daley 57m00s
7071P	4/8/1971	TOR	NYR	Bernie Parent	Jacques Plante		x		Plante entered the game at 55:18 (this was the game where Parent lost his mask). Shots/saves?	Parent 20/21, Plante 3/3
7172	10/24/1971	PIT	NYR	Jim Rutherford	Les Binkley	x			According to most reports, Rutherford left the game "at the 11 minute mark". Can anyone find a source that pins this to the second?	Rutherford 11m0s, Binkley 49m0s
7172	11/13/1971	VAN	TOR	Dunc Wilson	George Gardner		x		Wilson left the game at 0:59 with a head injury. Shots/saves?	Wilson 1/1, Gardner 37/39

7172	12/12/1971	MIN	CHI	Gump Worsley	Cesare Maniago		x		Maniago entered the game at 12:21. Shots/saves?	Worsley 7/11, Maniago 24/25
7172	12/19/1971	VAN	BUF	George Gardner	Ed Dyck				x Why did Dyck play the final two periods for the Canucks?

7475	3/15/1975	PHI	TOR	Bernie Parent	Bobby Taylor	x	x		x When did Parent leave with his collarbone injury? If that's the case, then the Flyers had a 3-2 lead at the time, and the game ended 4-4 (so Taylor should get the tie). This would give Taylor one extra tie (compared with the NHL) and Parent one too few. When did Taylor enter the game? Shots/saves? Toronto Star specifically says that Parent left with a 3-2 lead. 	7677	10/27/1976	PIT	BUF	Dunc Wilson	Gord Laxton			x	Wilson played the first 47:47 and was given a game misconduct, with Laxton finishing up. Buffalo tied the game while Laxton was in goal (so Laxton should get the tie), but Laxton does not have a tie in his NHL record (this was the only tie game he appeared in). The official Pittsburgh Penguins NHL game summary confirms all of this. What am I missing?	I believe that Laxton should get the tie in this game (not Wilson).

x	7677	1/18/1977	COL	CHI	Michel Plasse	Doug Favell	x	x	x	When did Favell enter the game? Did Plasse return? Shots/saves? Who gets the loss? Chicago Tribune suggests Favell finished (and should get the tie) but that would give Favell too many ties. Also most sources have Favell starting the third, but others have him entering at 41:09 (at the fifth Chicago goal).	Plasse 40m 16/20, Favell 20m 5/8 (T). 8182	1/9/1982	LOS	TOR	Mario Lessard	Doug Keans	x	x		x	What was the order of appearance? HSP has Keans playing the third period, but gives Lessard the loss (inconsistent). Complicating matters, the Kings' 1982-83 media guide gives the loss to Lessard, and has Keans allowing 3 goals in 20 minutes. Did he play the second period (and not the third)? But if Keans doesn't get this loss, then the correction below (if possible) would give Lessard too many losses.	Lessard 40m, 11/14, Keans 19m, 7/8 (L, ENG)

However, I've got one too many losses for Keans (and one too few for Lessard). The Toronto Star recap says: "North Stars fired 27 shots at Los Angeles goalie Mario Lessard in the first two periods...but only scored once. In the third period, however, the North Stars broke loose for three goals to snap the Kings' six-game unbeaten string." The rest of the article doesn't mention either Lessard leaving or Keans entering, which seems odd given how they set up the story.
